INDEX
to volume 14
jan-dec 1986

authors

Adams RP: see Frontera WR, Aug, p 94
Adams RP: see Frontera WR, Sep, p 108
Albohm MJ: see Weesner CL, May, p 149
Allerton K: see Pretorius DM, Dec, p 71
Amsterdam EA: see Johannessen S, May, p 99
Armstrong LE: Preparing Alberto Salazar for the heat of the 1984 Olympic Marathon, Mar, p 73
Asbell AO: see Claremont AD, Oct, p 89
Auferoth SJ: see Claremont AD, Oct, p 89

Bandy WD: Injury profile of northeastern Ohio high school basketball officials, Jan, p 91
Benade AJS: see Cohen JC, Jun, p 131
Benson J: see Loosli AR, Aug, p 118
Berrebi A: see Wishnitzer R, Jul, p 86
Blair SN: see Powell KE, Jun, p 100
Bloomquist LE: Injuries to athletes with physical disabilities: prevention implications, Sep, p 96
Blyth CS: see Mueller FO, Oct, p 139
Boarman MA: see Claremont AD, Oct, p 89
Bourdet K: see Loosli AR, Aug, p 118
Bourguignon GJ: see Volski RV, Jan, p 101
Brock RM: Injuries in elite figure skaters, Jan, p 111
Brooks-Gunn J: The effect of cycle phase on the performance of adolescent swimmers, Mar, p 182
Buono MJ: see Wilmore JH, Mar, p 133
Burke CA: see Winningham ML, Oct, p 125
Burke EJ: see Sterner TG, Apr, p 101
Buskirk ER: see Wilmore JH, Mar, p 144
Buyze MT: Comparative training responses to rope skipping and jogging, Nov, p 65

Calabrese LH: The use of nonsteroidal anti-inflammatory drugs in sports, Feb, p 89
Campbell KR: see Rippe JM, Oct, p 144
Cantu RC: Guidelines for return to contact sports after a cerebral concussion, Oct, p 75
Cantwell JD: Cardiac rehabilitation in the mid-1980s, Apr, p 89
Cantwell JD: Cocaine and cardiovascular events, Nov, p 77
Cantwell JD: Marfan's syndrome: detection and management, Jul, p 51
Carter J: see Watts CK, Mar, p 99
Caspersen CJ: see Powell KE, Jun, p 100
Claremont AD: The ability of instructors to organize aerobic dance exercise into effective cardiovascular training, Oct, p 89
Clark N: Chart notes from a sports nutritionist, Feb, p 77
Cohen JC: Altered serum lipoprotein profiles in male and female power lifters ingesting anabolic steroids, Jun, p 131
Cohen PA, see Kuebler WA, Jun, p 69
Collins K: Peroneal nerve palsy after cryotherapy (case report), May, p 105
Conlee RK: see Zarandona JE, Oct, p 113
Constable SH: see Wilmore JH, Mar, p 133
Cox JS: see Ryan AJ, Ankle sprains
Crouch D: see Watts CK, Mar, p 99
Cruise RJ: see Morgan DW, Mar, p 166
Culpepper MI: The availability and delivery of health care to high school athletes in Alabama, Jan, p 130
Curley V: see Rosen LW, Jan, p 79

Dahl E: see Maehlum S, Jul, p 73
Daljord OA: see Maehlum S, Jul, p 73
Daniels JT: see Armstrong LE, Mar, p 73
Davidson TM: Sunscreens, skin cancer, and your patient, Aug, p 65
DiGirolamo M: see Wilmore JH, Mar, p 144
Dishman RK: Exercise compliance: a new view for public health, May, p 127
DiStefano VJ: How I manage osteochondritis dissecans, Feb, p 135
Drawbert JP: see Paulos LE, Jun, p 119
Dressendorfer, RH: see Peters AJ, Jul, p 63

Edmonds VE: see Tator CH, May, p 156
Edmundson EW: see Glover ED, Dec, p 94
Edwards SW: see Glover ED, Dec, p 94
Eichel BS: How I manage external otitis in competitive swimmers, Aug, p 108
Eichner ER: The anemias of athletes, Sep, p 122
Eichner ER: The caffeine controversy: effects on endurance and cholesterol, Dec, p 124
Eichner ER: Coagulability and rheology: hematologic benefits from exercise, fish, and aspirin. Implications for athletes and nonathletes, Oct, p 102
Eichner ER: Sickle cell trait, exercise, and altitude, Nov, p 144
Eliraz A: see Wishnitzer R, Jul, p 86

Faber WM: see Cohen JC, Jun, p 131
Fisher AG: see Zarandona JE, Oct, p 113
Foster C: see Buyze MT, Nov, p 65
France P: see Paulos LE, Jun, p 119
Francis RS: see Pfeiffer RD, Sep, p 134
Franklin BA: see Rippe JM, Oct, p 144
Freedson P: see Rippe JM, Oct, p 144
Frontera WR: Endurance exercise: normal physiology and limitations imposed by pathological processes (part 1), Aug, p 94
Frontera WR: Endurance exercise: normal physiology and limitations imposed by pathological processes (part 2), Sep, p 108
Fuller C: see Steenkamp I, May, p 89

Gargiulo JM: see Brooks-Gunn J, Mar, p 182
Gillien DM: see Loosli AR, Aug, 118
Girardin BW: see Morgan DW, Mar, p 166
Glover ED: Implications of smokeless tobacco use among athletes, Dec, p 94

Zwingelberg KM: Primary causes of drowning and near drowning in scuba diving, Sep, p 144

subjects

Abdomen
sports injuries, management of, Jun, p 86
Adolescents
burnout in athletes, Sep, p 69
defining age-groups in sports, Jan, p 77
epileptics encouraged to exercise, Sep, p 133
fitness level uncertain, May, p 189; (letter) Aug, p 47; Sep, p 155
health supervision checklist distributed to schools, Apr, p 36
menstrual cycle phase: effect on swimmers, Mar, p 182
nutrition habits in female gymnasts, Aug, p 118
preparticipation exams, Oct, p 180
San Antonio Summer Games help the underprivileged, Jul, p 34
and smokeless tobacco, Dec, p 94
soccer injuries, tournament, Jul, p 73
steroid use among nonathletes, Jun, p 48
strength training in males: effects on muscle development, Sep, p 134
Aging
activity, fitness, and longevity, Jun, p 156; (letter) Sep, p 47
exercise can improve mental abilities, Apr, p 34
upper body: jarming vs jogging, May, p 181
Altitude
and cachexia, Mar, p 233
sickle cell trait and exercise, Nov, p 144
sickness, May, p 204
American Academy of Pediatrics
health supervision checklist distributed to schools, Apr, p 36
American Academy of Pediatrics Policy Statements
infant swimming programs, Mar, p 241
American Alliance for Health, Physical Education, Recreation and Dance
supports boxing ban, Oct, p 32
American Heart Association
CPR procedure simplified, Sep, p 42
Ankle injuries
fracture, in a tennis player, Apr, p 81
hopping as rehabilitation, Mar, p 281
sprains: treatment, rehabilitation, prevention, Feb, p 101
Arthritis
and sports activity, Apr, p 148; (letter) Jul, p 36
Artificial surfaces
new turf may reduce injuries, Sep, p 38
Asthma
exercise and sports okay, May, p 61
Athletic care
medical coverage at the Canada Summer Games, Nov, p 118
quality lacking in Alabama high schools, Jan, p 130
steroids prescribed by Australian physician, Nov, p 167
Auto racing
accidents, injuries in Indianapolis-type cars, May, p 114

Back
pain, in shooters, Jan, p 101
problems, and posture, Jun, p 197
Baseball
medical care in the major leagues, Jul, p 147
Basketball
vision screening in college players, Aug, p 46
Basketball injuries
in high school officials, Jan, p 91
knee, and ligament laxity, May, p 149
Bicycling
accident survey, Boulder, Colorado, Mar, p 99
Blood
benefits to, with exercise, fish, and aspirin, Oct, p 102
boosting: tests being developed, Feb, p 36
lactate, exercise, and menstruation, Nov, p 159
Blood diseases
anemia in athletes, Sep, p 122
sickle cell trait, exercise, and altitude, Nov, p 144
Body composition
assessment, measurement techniques, standards, Mar, p 144
cellulite and stubborn fat deposits, Nov, p 226
skinfold sites: standards for measuring established, Feb, p 38
skinfold techniques vs visual estimation, Apr, p 101; (letter) Nov, p 58
somatotypes and sports selection, Jul, p 176
Bone
marrow, in healthy and overtrained runners, Jul, p 86
osteoporosis, transient, Nov, p 27
Boxing
AAHPERD supports ban, Oct, p 32
and brain damage, Jul, p 33
medical effects on young amateurs: study begins, Apr, p 34
Boxing injuries
in educational program, US Military Academy, Sep, p 81
Brain injury
in boxing, Jul, p 33

Canada
medical care at the Summer Games, Nov, p 118
Cancer
and exercise, Oct, p 170
and exercise: guidelines and precautions, Oct, p 125
oral, and smokeless tobacco, Dec, p 94
Cardiopulmonary resuscitation
procedure simplified, Sep, p 42
Children in sports
aerobic dance: resources and recommendations, Mar, p 225
aggression and moral development, Dec, p 31
defining age-groups, Jan, p 77
epileptics encouraged to exercise, Sep, p 183
exercise and motivation, Feb, p 122
exercise programs for infants, preschool children, Dec, p 163
fitness level uncertain, May, p 189; (letter) Aug, p 47; Sep, p 155
Fitnessgram: computerized fitness report card, Apr, p 29
horseback riding helps the handicapped, May, p 221
infant swimming classes, Mar, p 238; (letter) Sep, p 47
San Antonio Summer Games help the underprivileged, Jul, p 34
soccer injuries, tournament, Jul, p 73
strength training in males: effects on muscle development, Sep, p 134
strength training for prepubescents gains support, Feb, p 157; (letter) Jun, p 42
Circadian rhythms
and exercise, Aug, p 162
Clinics and centers
sports medicine directory 1986, Sep, p 201
Cryotherapy
and peroneal nerve palsy in a basketball coach, May, p 105
plain ice vs chemical ice packs, Mar, p 50

Dance
aerobic, as cardiovascular training, Oct, p 89
aerobic, for children, Mar, p 225
aerobic, instructor certification, Dec, p 171
aerobic, low-impact vs traditional, Jul, p 156; (letter) Oct, p 61
modern, overuse injuries, Aug, p 83; (letter) Nov, p 58
Death
and cocaine, Apr, p 29
cocaine-related, may increase drug testing, Aug, p 37
football, Oct, p 139
sudden, and Marfan's syndrome, Jul, p 51; (letter) Oct, p 61
Deep vein thrombosis
and exercise, Aug, p 42
Dental care
mouth guard, ill-fitting (case report), Nov, p 85
smokeless tobacco, health risks of, Dec, p 94
Diabetes
exercise and motivation in children, Feb, p 122
nonweight-bearing exercise best for some, Jun, p 48
Directories
sports medicine clinics and treatment centers, Sep, p 201
professional organizations, Nov, p 193
Diving
scuba, causes of drowning/near drowning in, Sep, p 144

continued

Diving injuries
decompression sickness, Mar, p 196
Drowning/near drowning
in scuba diving, causes, Sep, p 144
Drugs
abuse among female athletes, Jun, p 142
amphetamines, caffeine, and athletic performance, Nov, p 128
caffeine and endurance, Dec, p 124
cocaine and cardiovascular events, Nov, p 77
cocaine deaths may increase testing, Aug, p 37
cocaine, nicotine, and athletic performance, Dec, p 85
cocaine and sudden death, Apr, p 29
cortisone: not for musculoskeletal sports injuries, Aug, p 15
hormone abuse, May, p 29
NCAA testing set for 1986-87, Mar, p 46
nonsteroidal anti-inflammatory, for sports injuries, Feb, p 89; (correction) Jun, p 51
steroid use among high school nonathletes, Jun, p 48
steroids: bill introduced to strengthen California law, Feb, p 40; (letter) May, p 56
steroids and cholesterol levels in power lifters, Jun, p 131
steroids and ethics, Nov, p 173
steroids prescribed by Australian physician, Nov, p 167
testing and moral responsibility, Nov, p 47
testing in sports (correction), Jun, p 45
testing in a university athletic program, Apr, p 69
for ventricular tachycardia in an athlete, Feb, p 69

Ear injuries
external otitis in swimmers, Aug, p 108; (letter) Nov, p 57
Eating disorders
pathogenic weight-control behavior in female athletes, Jan, p 79
Epilepsy
exercise encouraged for epileptics, Sep, p 183
Equipment
eye protection essential in war games, Mar, p 90
face shields in the NHL, Apr, p 33
inversion devices: risks vs benefits (letter), Sep, p 49
knee braces, prophylactic, in football, Apr, p 33; p 108; Jun, p 119; (letter) Jul, p 40; (letter) Sep, p 48
mouth appliances for TMJ problems, Dec, p 137
mouth guard, ill-fitting (case report), Nov, p 85
mouth guards: materials tested, Jun, p 77
mouth guards, mouth-formed, do not meet NCAA rules, Jun, p 69
orthoses for running problems: not the only solution (letter), May, p 56
rowing machines for home fitness, Mar, p 272
safety improvements needed (NFL survey), Dec, p 34
Ergogenics
amino acids, vitamins, and performance, Aug, p 38
amphetamines, caffeine, and athletic performance, Nov, p 128
blood boosting tests being developed, Feb, p 36
caffeine and endurance, Dec, p 124
cocaine, nicotine, and athletic performance, Dec, p 85
diet supplements, May, p 199
hormone abuse, May, p 29
vitamins and minerals as aids, Mar, p 209; (letter), Jun, p 41
Ergometers
bicycle, for estimating $\dot{V}o_2$ max, Mar, p 133
Ethics
and drug testing, Nov, p 47
human growth hormone for performance enhancement, May, p 29
and steroids, Nov, p 167; p 173
Exercise
activity, fitness, and longevity, Jun, p 156; (letter) Sep, p 47
aerobic dance as cardiovascular training, Oct, p 89
aerobic dance for children: resources and recommendations, Mar, p 225
aerobic dance: low-impact vs traditional, Jul, p 156; (letter) Oct, p 61
athlete: a definition, Jul, p 49; (letter) Sep, p 52
and blood pressure, Apr, p 199
burnout in adolescent athletes, Sep, p 69
and caffeine, Dec, p 124
and cancer, Oct, p 125; p 171
for cardiac patients, risk of complications, Sep, p 235
choosing the best time of day, Aug, p 162
and compliance, May, p 127; (letter) Aug, p 48
cross-country skiing: indoor machine may enhance fitness, Oct, p 56
and depression, Sep, p 192
for diabetics: nonweight-bearing best for some, Jun, p 48
for the elderly, Apr, p 34
endurance: physiology and limitations, Aug, p 94; Sep, p 108
epileptics encouraged to exercise, Sep, p 183
fitness for the family, Oct, p 202
fitness levels of US adults, Nov, p 24
hematologic benefits, Oct, p 102
horseback riding helps handicapped children, May, p 221
and immunity to disease, Mar, p 250
judo for fitness, Apr, p 170
jumping rope for fitness, Sep, p 251
jumping rope vs jogging for cardiovascular efficiency, Nov, p 65
and menstrual disturbances, Mar, p 113
and motivation in children, Feb, p 122
and obesity in Third-World countries, Oct, p 196
oxygen vs air for recovery, Dec, p 31
and pregnancy, Apr, p 162; (letter) Aug, p 47
programs for infants, preschool children, Dec, p 163
and quadriplegia: case report, Apr, p 120
racket sports: aerobic benefits may be marginal, Jan, p 208; (letter) Jul, p 36
rowing machines for aerobic fitness, Mar, p 272
running, walking backward for fitness, rehabilitation, Dec, p 149
and sickle cell trait, Nov, p 144
strength training in males aged 8 to 21: effects on muscle development, Sep, p 134
and stress in athletes, Apr, p 141
and thromboembolism, Aug, p 42
upper body: jarming vs jogging, May, p 181
walking for fitness, Feb, p 171; Oct, p 144
walking vs running for fitness, Mar, p 296
water, for fitness, Oct, p 163
and women, Dec, p 188
Exercise leaders
aerobic dance, Oct, p 89
certifying aerobic dance instructors, Dec, p 171
Exercise prescription
aerobic training for middle-aged, sedentary women, May, p 99
ankle injuries, hopping, Mar, p 281
for cancer patients, Oct, p 125
cardiac rehabilitation today, Apr, p 89; p 177
for heart transplant patients, Sep, p 165
horseback riding helps handicapped children, May, p 221
for older adults, Apr, p 34
for pregnant women, Apr, p 162
walking for fitness, Feb, p 171; Oct, p 144
warming up before stretching advised, Mar, p 45
water exercise for fitness, Oct, p 163
Exercise testing
cycle ergometry for estimating $\dot{V}o_2$ max, Mar, p 133
SI units should be adopted for measurement, Dec, p 157
youth fitness level uncertain, May, p 189; (letter) Aug, p 47; Sep, p 155
Eye injuries
corneal abrasions and lacerations, May, p 170
face shields in the NHL, Apr, p 33
one-eyed athletes and contact sports, Jul, p 130
in war games, Mar, p 90

Facial injuries
jaw fractures, management of, Jan, p 119
and plastic surgery, Jan, p 40
